

KXT RACING

DESCRIPTION

KXT Racing is a technologically advanced motor-oil with excellent performances, especially developed for racing 2-stroke motorcycles. Its revolutionary formulation starts a new generation of synthetic oils.

Contains the BARDAHL POLAR PLUS formula, that - together with special synthetic esters - gives this oil a better adhesiveness to metal surfaces. This assures the best anti-seizure safety even under the most severe working conditions of the engine and reduces friction among the motor parts, thus increasing its power.

KXT Racing is formulated with particular additives at low ash content, which ensure maximum protection and a better engine cleanliness. KXT Racing is 100% synthetic and thanks to its concentrated formula can be employed at a low dosage.

TECHNICAL DATA

Viscosity at 40°C	208,4 cSt
Viscosity at 100°C	22,5 cSt
Density at 15°C	0,905 kg/l
Viscosity index	205°C
Flash point	-21°C
Pour point	0,12%

The information contained in this sheet is provided for reference only. Because of continual product development, changes may occur without prior notice. No liability for damages caused by the incompleteness or incorrectness will be accepted.

RECOMMENDATIONS

Handling : any safety information related to the handling and use of this product are gathered in the Safety Data Sheet.

Always check the manufacturer car manual before use.

Storage : it is recommended to use the product within 36 months. It should be stored in its original packaging, closed, and protected from light, humidity and excessive temperature.
