EXHAUST ASSEMBLY PASTE

Ref. 4992

12x150gr

PROPERTIES

Bardahl Exhaust Assembly Paste has the following properties:

- Thanks to its lubricating properties, it eases assembly and disassembly.
- Ensures perfect sealing of the exhaust system connectors.
- Resists high temperatures and vibrations.
- Lowers exhaust noises.

INSTRUCTIONS FOR USE

The exhaust must be cold and parts to be assembled must be exempt from dirt, rust and grease.

Apply on sockets, flanges and collars.

Assemble the parts.

The vehicle can immediately be used.

Properly close the tube after use.
